This paper is filed in response to the OA of Mar 5, 2007, which the applicant believes was sent in error. On May 25, 2007 the applicant and examiner spoke by telephone and determined that the present OA was based on the "statement of the substance of the interview" filed Aug 14, 2006 instead of on the reply to an OA of Jul 25, 2006. The statement consisted mostly of material which had been previously faxed to the previous examiner and so predated the Jul 25, 2006 response. As requested by the examiner the Jul 25, 2006 reply is included again here. Except for one additional remark and page headers which now list the Mar 5, 2007 OA instead of the Apr 26, 2006 OA, it is unchanged. The applicant requests that the following amendments and remarks please be entered (again) into the prosecution history of the subject application.
